Re: Open Records Request: Letter of Responsive

Dear Ms. Rock:

The Environmental Quality and Sustainability (OEQS) Department has searched our files in response to your open records request.

Please find enclosed documentation pertaining to information for documents pertaining to the city's emergency plans for a heat wave or for extreme heat.

If you have any questions or other Environmental Quality and Sustainability (OEQS) related requests, please contact the department's representative at 214-670-1676 or send a fax to 214-670-0134.

Sincerely,

Shawnta Johnson
Environmental Quality and Sustainability
